

Leadership or Egoship

Don't confuse Leadership with Egoship

Leadership is about influencing, motivating and enabling others to contribute to the effectiveness and success of the organizations of which they are members

Egoship is about trying to convince people that you know best and that success is down to you

Do you ?

Listen to others	or	Lie to others
Empower others	or	Exclude others
Assume failure	or	Assign failure
Develop others	or	Dismiss others
Encourage others	or	Eliminate others
Respect others	or	Reject others

Which type of LEADER are you?
